Our investments are making a difference

Funding Available for Sustainable Energy Projects

The WPPSEF is anticipating providing support to clean energy projects that benefit the West Penn Power ratepayers in Pennsylvania through the Request for Proposals (RFP) process. Funding is focused in four areas:

**RFP
released**

1. Clean heat and power technologies
2. Smart energy use
3. Clean energy manufacturing in Pennsylvania
4. Community based sustainable energy planning

WPPSEF financing terms are flexible and developed to meet the project needs while assessing project risk. In addition, a limited number of grants will be considered for non-profits.

Applying is easy. All of the proposal guidelines are included in the funding application available online.

The deadline for receipt of the proposals is 4:00 p.m. (EST) on January 21, 2016.

CELEBRATING 15 YEARS OF SUSTAINABLE ENERGY

October 7, 2015 - Join the Sustainable Energy Conversation

For the past 15 years, the sustainable energy community in Pennsylvania has been making a difference with their investments. We have been reinvesting in your communities, reducing energy use with new technologies and helping to develop new sources of clean energy.

Together, we have made a difference, but our work is not done - we have opened the floodgates for a new generation of innovations. As either an energy pioneer or a future energy champion, you'll have the chance to:
